Criminal No. 14-CR-10022-WGY

Government's Response to Motion to Continue Final Revocation Hearing

Sanford Meekins has been convicted of fraud twice and the Petition for Revocation is based, in part, on his involvement in a purported business with another felon, also previously convicted of fraud. According to the presentence report, Meekins similarly sought emergency treatment in November, 2008, prior to pleading guilty in January, 2009, to the wire fraud for which he is presently on supervised release.

The government has requested that defense counsel provide a doctor's letter establishing Meekins's diagnosis, describing his prognosis, and confirming Meekins's likely course of treatment. The doctor's letter both will enable the government to respond appropriately to the request for a postponement, and create a more reliable and complete factual record on which the Court can evaluate the request.

Respectfully submitted,
